

CLASSWORK, RULES, GRADING, ATTENDANCE, TOLERANCE & SENSITIVITY:

I have read and understand the syllabus and classroom rules and agree to this contract for Intermediate Life Drawing. I agree to turn in my work on time and understand that if I do not, points will be deducted from my grade. Please sign and return this paper to Mrs. Bush for your first set of points!

STUDENTS: YOU ARE RESPONSIBLE!

Materials have been provided to you due to a tremendous amount of hard work packaging individual sets of basic supplies! **Please respect the materials and do not open or use them until instructed to do so by Mrs. Bush. Any materials that are lost, misplaced, ruined, etc., is the student's responsibly.** Keep the materials in a safe place where no one will take them. If school resumes normally in person, the student is responsible for bringing the materials into class to use. We do not have replacement materials available. If you for some reason do not end up taking the course you must return the materials in the unopened condition that you received them in. Remember, this is your responsibility as the student to take care of your materials, once the materials have been placed in your hands it is up to you! We will be using all of these materials all year long, so that means we are not finished with a material just because we are finished with one project (we will be using the materials in both semesters).
